# Renew, Refresh, Restore

Rest assured that the first day of the upcoming program year (2021-2022) will be dramatically different from previous years. The energy, excitement, and enthusiasm will be there, along with the anxiety, stress, fear, and frustration.

We will RENEW relationships with families, co-workers, community partnership and our organization.

We will REFRESH our knowledge of the federal performance standards, curriculum standards, and tools that create better outcomes for children, teachers and administrators.

We will RESTORE teamwork, our commitment to continuous quality improvement, support for mental health initiatives/enhancements and value added leadership at the center and administrative level.
